

LEAD

Leaders' Empowerment
and Discipleship

More than 4,500
Have Attended
LEAD

Learner-focused – LEAD's exciting teaching philosophy has attracted a growing number of participants since its launch in 2012. Two classes in particular, Growing in Prayer and Identity in God each gathered over 200 participants with glowing reviews. **Ivan Koh** finds out more on what impressed these learners.

Growing in Prayer

Perspective Change

"My mindset has been corrected. My worries of not having a correct prayer posture are gone! I can focus better in my prayers." **Don Ong**, *civil servant*

"I'm glad I attended this class. I'm no longer intimidated by big words other people use in their prayers. I just have to come before God as 'who I am.'" **Melissa Teo**, *personal assistant*

Powerful yet Personal

"Through the course, I met with God and heard His voice. This helped me to pray for someone who had been giving me a difficult time and also helped me to release forgiveness and love."

Ms Lee, *preschool teacher*

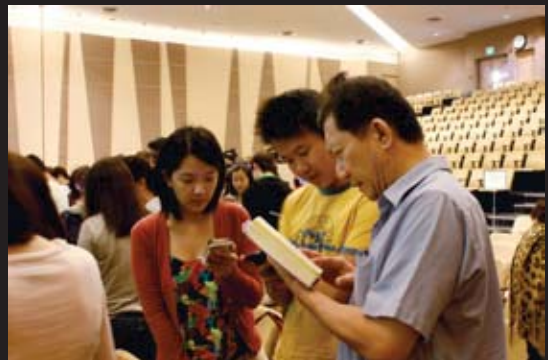

"Such a great refresher for me! Time to get back on my knees and partner with God in prayer. Thank you and God bless. See you at Prophetic Ministries!" **Jackie**, *publisher*

"God revealed His love to me once again through this class." **Audrey Guo**, *photographer*

Practice Practice!

"The course is beneficial in learning on prayers. It is simple and easy to understand for new believers like myself" **Yan Xuan**, *business executive*

"I learnt how to pray using scripture and now I've found the courage to pray with another person." **Christy Han**, *sales*

Identity in God

Perspective Change

"I can really identify with the thoughts of an orphan. Through this course, I realized that even though I accepted God as Lord and savior, I never adopted the attitude of a son of God. Now I know how to live my life right with God."

Lee Hong Ling, *desktop engineer*

"Suddenly it dawned upon me that God is my Father, right from the beginning, not just when I became a Christian. This brings assurance to me."

Mark Teo, *technician*

"This course has caused me to find my identity in God after 50 years in this world"

VR Sooria, *director*

"Knowing more about my identity in Christ makes me want to look out for other believers who are lost to help them be more confident in who God has made them to be." **Melanie Tan**, *graphic designer*

Personal Touch

"Excellent course! God was in the room and I felt His love pouring out onto us as the course unfolded. Throughout the week I felt even greater

intimacy with Him. I also diagnosed the problem in my life as bearing the 'orphan mentality' which I can work to displace." **Lee Chuen Huei**, *civil servant*

"Now I am very much assured that I am not a mistake. God formed me and He lavished His love on me because I am His child!" **Norman Lew**, *manager*

"The impact of the love letter from God was overwhelming! It's like an answer to most of the doubts I have. In carecell, we went through it again and it impacted even more of us! I feel so blessed to be introduced to it." **Dawn Kuan**, *webmaster*

Impactful

"Thank you pastors for sharing your real-life experiences during the sessions as I'm better able to relate to and exercise what I've learnt during the course. I have a clearer affirmation of my security and identity as the daughter of God, in spite of my physical condition and current situation." **Judy Wee**, *homemaker*

"I am truly enlightened and inspired by the trainers' testimonies and will apply the principles to my life." **David Lye**, *self-employed T*
