

Dear Parents,

We celebrate Children's Day this month.

Join us for our Children's Day party! Encourage your child to invite their friends to join in the fun and discover the source of lasting joy!

**Pre-party activities, food, and drinks start 30 minutes before service.*

Psalm 127:2 says "Children are a heritage from the Lord, offspring a reward from Him." As we thank God for His blessing of children, we take responsibility to raise them up well. They receive inputs not only from you as parents, the church but also from other sources.

In this digital age, what the children read and see will shape their perspective towards life and living. With trends and topics evolving constantly, we need to help our children discern what's out there and choose to do what is good, pleasing, and honoring to God.

DISCIPLESHIP TIPS

Here are some guiding questions in your conversations with them:

- Do what they say and do reflect God's character?
- Do they edify others or influence others to turn away from what honors God?
- Do the trends and topics they ingest on digital media celebrate or glorify things Scripture calls us to reject?

Give them space to share their thoughts and continue to disciple them in the ways of the Lord!

PRIMARY 6 PROMOTION EXERCISE

Starting Oct 17 & 18, our Primary 6 children will have breakout sessions during their Pre-Teens service to help them transition into IGNYTE – our youth ministry. Thereafter, they will formally join the youth ministry on Nov 7 & 8.

More information has been provided in a separate letter given out last month. Please request a copy from Pre-Teens service halls if you need it.

Upcoming Sermon Series: Doing Well Oct 17 & 18, 24 & 25, 31 & Nov 1

In our fast-paced and instant world, God reminds us to be diligent – to work hard, do things right, and not to give up.

Through this sermon series, our children will learn what it means to have diligence as an attitude, in the way they live their lives and their faith by desiring to grow continuously.
