

JUNE 27 & 28 **LESSON: GOD LEADS MOSES**

POWER WORD

Psalm 121:2, "My help comes from the Lord."

LESSON SUMMARY

Bible text: Exodus 13:17-22; 14:5-31; 15: 19-20

The children learnt that God helped Moses lead the Israelites out of Egypt. When Moses raised his staff, God made a dry path through the water and helped the Israelites get across the sea safely.

FOR FAMILY ACTIVITY: WAVES OF WATER

Materials needed:

- A shallow pan
- A toy boat & a drinking straw.

Instructions:

- Fill the pan with water.
- Tell your child to pretend this is the sea and let him sail the boat in the water.
- Let him know that most people would use boats to cross the sea then ask him, "How did God help His people cross the sea?"
- Then show him how to blow through the straw to make waves.
- End by saying, "Even when we blow on the water, we can't make a dry path.

Only God can help His people by making a path through the sea.
